

Welcome to the Community College of Philadelphia Transfer Course Equivalency Guide. This guide has been designed to show you how credit from other institutions will transfer to Community College of Philadelphia (CCP). Whether you are thinking about applying, have already been accepted, or are a current CCP student thinking about taking summer courses elsewhere, this information will make the transfer process easier for you.

The information presented here is not a comprehensive list of all institutions and their transfer course equivalencies. This guide includes transfer course equivalencies for commonly transferred courses from most colleges and universities throughout Pennsylvania and nearby institutions in the tri-state area (New Jersey and Delaware). Also, note that although there may not be a direct course equivalency, for purposes of meeting certain degree requirements, a course may satisfy an elective requirement.

Refer to the College Catalog for information about transfer admission requirements and the College's transfer credit policy (http://www.ccp.edu/site/academic/college_catalog.php). If a course you are interested in is not listed, it may not have been evaluated for transferability to CCP. Please direct inquiries about course equivalencies to Tarsha Walton via email at twalton@ccp.edu.
