

Attendance Quiz 2

Name: _____ Date: _____

1. **Given Data (exactly same data set from AQ#1)**, construct the relative frequency distribution and cumulative frequency that corresponds to the frequency distribution.

104	99	102	114	94	101	108	104	123	93
89	112	107	116	181	98	100	127	107	116
97	155	106	110	105	118	133	113	113	107
95	108	114	104	125	124	92	119	93	106

Systolic Blood Pressure of Women	Frequency	Relative Frequency	Cumulative Frequency
80-99	9		
100-119	24		
120-139	5		
140-159	1		
160-179	0		
180-199	1		
Total	40		

2. Using **same data**, make condensed stem-and-leaf plot.

3. Make histogram using relative frequency on the back.
